Update Name, Address, and/or Date of Birth

Instructions: To update your name, address, and/or to provide us with your date of birth, please complete this form. This form applies to your tax-exempt plans only [403(b), 401(a), 401(k), or 457(b)].

Plan sponsor approval: Check with the plan sponsor or Fidelity to determine if plan sponsor involvement is required to change your records. You may need to obtain the approval of the employer who sponsored the retirement plan to change the information below. Also be aware that, in many situations, changes must be submitted directly to the plan sponsor who, in turn, will update its employee records and then electronically update Fidelity's records.

To change your name: Please provide a copy of a marriage certificate, divorce decree, court document granting a name change, or passport; or, complete the Medallion Signature Guarantee with your former and current name, on the second page of this form.

For address changes: A confirmation of your address change will be sent to your old and new addresses. To ensure the security of your account, your account will be frozen from loan and withdrawal activity for 10 calendar days. To waive this 10-day freeze, you are required to complete the Medallion Signature Guarantee on the second page of this form. Please notify us should you not receive the current address confirmation. The address will be treated as your address for state income tax withholding, if applicable, or nonresident alien withholding for United States income tax withholding.

Date of birth: Please provide a copy of your birth certificate, driver's license, or other federal, state, or locally issued identification that contains your date of birth. We must have your date of birth on file for you to establish a username or request a withdrawal.

You can also use a Medallion Signature Guarantee to change your name as a substitute to the documentation listed on page 1. Be sure to let the bank or financial institution know the amount of the distribution that you may request so that it will provide the appropriate Medallion Signature Guarantee. Notaries public cannot provide a Medallion Signature Guarantee, as their authority does not extend to documents such as this, for which federal securities law applies.
