If you haven't yet earned 2020 Wellness Rewards, you still have time! Here's how:

STEP 1

The PHA is the gateway to earning 2020 wellness rewards: It must be completed online or via the myCigna® App to earn the rewards in Step 2.

STEP 2

Meet goals

Employees and Cast Members earn \$100 for each goal met – up to \$300.

Earn \$100 for getting a preventive exam or cancer screening*

*Qualifying exams and screenings:

- Biometric screening – complete at a Quest Diagnostics Patient Service Center (PSC) or with your primary care physician (PCP)
- Preventive exam
- OB/GYN exam

Goal 2

Earn \$100 for achieving a body mass index (BMI) of less than 27

Goal 3

Earn \$100 for achieving a blood pressure (BP) of less than 140/90

- Cervical cancer screening (Pap or HPV test)
- Colon screening
- Mammogram
- Prostate screening
- Skin cancer screening

Alternative activities to earn these rewards include reducing the initial BMI result by 5% or more, working with a *Disney Healthy Pursuits* coach or completing an online coaching program. If a doctor believes that meeting the target numbers is currently medically inappropriate, employees can submit a form from the doctor to request that the requirements be waived or modified.

ELIGIBILITY: All full-time, U.S.-based (and U.S. expat) employees, Cast Members and their spouses/domestic partners who are enrolled in a 2020 Disney medical plan option are eligible to participate in the Wellness Rewards Program. Annual completion of the PHA and a biometric screening are required in order to receive rewards under the Wellness Rewards Program. Rewards can be earned by getting a preventive exam or screening, achieving a blood pressure below 140/90, achieving a BMI of less than 27 (or reducing your initial BMI result by 5%), setting and meeting goals set with a *Healthy Pursuits Coach*, or completing an online coaching program.

IMPORTANT NOTE: In order to be eligible to receive wellness rewards, you must be an active employee at the time rewards are paid.

EXCEPTIONS: Due to an individual's particular medical or health situation, an alternative for certain requirements will be made available to earn the results-based rewards. Under these circumstances, your doctor will need to complete and submit a Request for Program Alternative Fax Form (available at Benefits.Disney.com and myCigna.com) certifying that a program requirement would be inaccurate, inappropriate or unattainable for the individual. Consideration will be given on an individual basis as to whether a reasonable alternative should be provided. Program requirements will be waived or modified when necessary to comply with applicable federal, state and local law. If your initial BMI doesn't qualify, you can still earn the BMI reward if you retest by December 31, 2020 and achieve a BMI less than 27, or decrease your initial BMI by 5% or more.

This document highlights provisions of and changes to the Wellness Rewards Program as of October 1, 2019. You may or may not be eligible to participate in this program, depending on job status, work location or applicable collective bargaining agreement, as well as whether you are enrolled in a Disney medical option. For a complete description of the program, refer to the Summary Plan Description at Benefits.Disney.com. Disney reserves the right to amend or terminate this program at any time.
