CENTRAL FLORIDA

Caring for Your Family

Disney Family Care Resources

Every family is unique. That's why Disney provides diverse resources to support our employees, Cast Members and their loved ones in a variety of ways and at all stages.

Disney's inclusive Family Building Benefits go beyond the traditional definition of infertility. Where most programs only cover individuals with a medical diagnosis of infertility, our program has expanded services that remove those barriers, covering employees, Cast Members and family members of all genders, gender identities, sexual orientation and family structure.

Effective July 1, 2021, eligible employees and their dependents have access to all conception and cryopreservation benefits even without a diagnosis of infertility.

Financial Resources

Disney provides all eligible employees and Cast Members resources to help budget and plan for the future. Feel confident and in control of your financial well-being.

[Explore the Financial Resources Guide](#)

[Tax-Advantage Accounts](#)

The Tax Advantage Accounts provided through Optum Bank give employees and Cast Members the opportunity to save for current and future health care expenses with pre-tax dollars. Tax Advantage Accounts are governed by IRS rules. It is important to understand how they work for domestic partners and spouses.

[Partners FCU Family Building Loan](#)

Grow your family with a Partners Family Building Loan to get access to cash for upcoming expenses. Whether you're beginning your family building journey, or need assistance with childcare costs, an unsecured Partners Family Planning Loan could be a smart financing alternative to high-interest rate credit cards, with a fixed rate lower than most credit cards and manageable monthly payments. Without a pre-payment penalty, you could save even more if you pay off your loan early.

[MetLife Legal Plan](#)

MetLife recognizes the diverse needs of the communities they serve and strive to provide legal help that all employees can benefit from. The group legal plan provides assistance with Estate Planning, Adoption, Name & Gender Marker Change, Rental/Tenant Issues, Tax Audits and much more.

[Disney Retirement Programs](#)

The Retirement Savings Plan is one of the ways the Company helps eligible employees and Cast Members save for their future.

TAKE TIME AWAY

WHERE TO GO FOR HELP

INSURANCE CONTACTS

Take Time Away

Disney's **Paid Time Off and Leaves policies** are designed to help our employees and Cast Members balance work and life, and to take time away when it matters most. For more details visit [D Tools HR](#).

Vacation/PTO

Unplugging from work is important for the well-being of our employees. Disney provides eligible employees with vacation/PTO because we believe that there's more to life than work.

Sick/Care Time

The well-being of our employees is important. Disney recognizes the importance of self-care and caring for loved ones. We provide eligible employees with Sick/Care Time to care for their loved one's physical and mental health and for other eligible reasons.

Medical Leave

All employees are eligible upon hire to request a medical leave of absence. Employees that need to be absent for medical reasons for more than five consecutive workdays/shifts, will be placed on a medical leave. Intermittent medical leaves are also available. Please review the Medical Leave Non-Occupational guide for an overview of the leave process and the income protection options Disney provides employees while out on a medical leave.

Paid Family Care Leave

Life changes. In recognition of the critical moments that require our attention and care, we want our employees to have the flexibility to take the time they need to tend to their family members' serious health conditions. Disney provides eligible employees with up to 12 weeks of family care leave during a 12-month period (or more where provided by local law). Salaried employees also may be eligible to receive compensation during up to 8 of those weeks pursuant to the Company's paid family leave benefit.

Paid Child Bonding

Welcoming a new child is one of the most significant events in life. Disney recognizes the importance of giving new parents, whether adoptive, biological or foster, time to bond with their children and provides eligible employees with up to eight weeks of paid leave to bond with a child born or placed in your home, to be taken within one year of the child's arrival.
